

Privacy Policy

The Metropolitan North Georgia Water Planning District is committed to ensuring that your privacy is protected. Any information you provide by which you can be identified when using the “My Drop Counts” website will be used only in accordance with this privacy statement.

What we collect

We collect the following information:

- Name and job title
- Contact information including e-mail address
- Zip code
- Narrative information you provide telling how you conserve water in your home or organization.

What we do with the information we gather

We ask for this information for a variety of reasons:

- We track the number of pledges to conserve water made through this website by zip code and display the number of pledges and total gallons pledged on the interactive map. No personal or organizational information appears on the interactive map.
- We publish stories provided by individuals and organizations on the site to show others ways they may conserve water. If you provide narrative information about the ways you conserve water, such information may appear on various pages of the My Drop Counts website at our discretion. However, individuals will be identified by first name only. Organizations, including businesses, governments, schools, nonprofits and civic groups, will be identified by organization name only. The name of the organization’s contact, his or her title and e-mail address will not be published. By providing a photograph or an organizational logo, you grant permission for the Metro Water District to use that image on the website in conjunction with your water conservation story.
- We may periodically send informational emails about water and water use that we believe you may find interesting using the e-mail address that you have provided.

Controlling your personal information

We will not sell, lease or provide your personal information to third parties unless required by law.

If you believe that any information we are holding on you is incorrect or incomplete, please write to or email us as soon as possible, in care of the Metropolitan North Georgia Water Planning District, 40 Courtland St., NE, Atlanta, GA 30303, e-mail: comments@northgeorgiawater.com. We will promptly correct any information found to be incorrect.

The Metro Water District may change this policy from time to time by updating this page. You may check this page from time to time to ensure that your privacy remains protected to your satisfaction. This policy is effective as of 2/22/2011.
